PREMIUM FEATURES

UNIFIED COUNTY CODE IN GUILFORD COUNTY, NC

Seeing an opportunity to improve their code management capabilities, the Guilford County team chose the enCodePlus platform to create a portal where citizens and staff can view and interact with important County documents including the Unified County Code and the Unified Development Ordinance among others. With enhanced features like the development calculators for landscaping and parking Guilford County is stepping into the future of code management. Here is a full list of documents available through this new portal:

- County Area Plans
- County Code
- Unified Development Ordinance
- Land Development Ordinances (archive document)
- Comprehensive Plan + Updates

The enCodePlus platform is designed to host and display multiple planning documents in one place.
